Dear Mike,

Testimonial

Having found myself in a situation that I did not see coming, which appeared with relatively short notice, I was eager to ensure that I was in a position to act with confidence and clarity when needing to manage my situation.

I cannot praise Mike Shakespeare at Alexander Beard enough for his support, patience, and professionalism during the many interactions and conversations that I had with him. His disarming personality, accompanied by his attributes and qualities enabled me to form a professional relationship with Mike, with trust and confidence being the foundation it was developed from.

As a result of the time invested by Mike, I am now in a position to see the light at the end of the tunnel and will be financially stable and able to retain my cherished asset – my home!

Mike was a wealth of information and he helped me not only secure the best deal possible at the time, but he also explained every step along the way (in detail) which helped me feel empowered and secure during a time when I was feeling lost and vulnerable – thank you!

I have no hesitation in recommending Mike to any person, both within my network, social circle, and family should they ever require advice, guidance, and/or action with regards to exploring their options with releasing equity or sourcing and securing the best possible mortgage that is available.

Thank you for sharing your passion and knowledge with me, and for making the entire process a lot less arduous than I had originally anticipated.

Sincerely yours,

Kevin Rodgers
Chief Executive Officer
